

Tailored Adventures for Those Who Served

2024 Annual Report

OUR MISSION

Extreme Adventures offers tailored outdoor adventures that address the unique physical, mental, and social needs of ill and injured veterans and their families. Through camaraderie forged amidst the challenges and triumphs of outdoor exploration, our programs provide a safe and healing environment. We reconnect Veterans and their families with the activities they love by providing hunting, fishing, sport shooting, and scuba diving opportunities in small group settings.

OUR HISTORY

From Misses to Momentum: The Story of Extreme Adventures

In the vast expanse of the American West, where rolling plains meet rugged mountains, the story of Extreme Adventures began. Guided by a mission to provide ill and injured veterans with solace and connection through outdoor pursuits, our journey unfolded with purpose and passion.

The First Year: Misses on Antelope and Mule Deer

Our inaugural year was an adventure of discovery and determination. Veterans embarked on hunting expeditions across sweeping landscapes, aiming to reconnect with nature and themselves. While the elusive Antelope and Mule Deer remained out of sight, something far more valuable emerged—camaraderie and resilience.

The lessons learned during those initial outings taught us that success lies not in trophies but in shared experiences, laughter, and the bonds forged under open skies.

The Second Year: Supporting Fellow Veteran Nonprofits

Inspired by the camaraderie of our first year, we expanded our efforts in the second year to support other veteran nonprofits. From hosting fundraisers to offering logistical assistance, we became collaborators, amplifying the reach of organizations dedicated to serving those who served.

Through these partnerships, we saw firsthand how collective efforts create a ripple effect of impact, touching countless lives and fostering a greater sense of community.

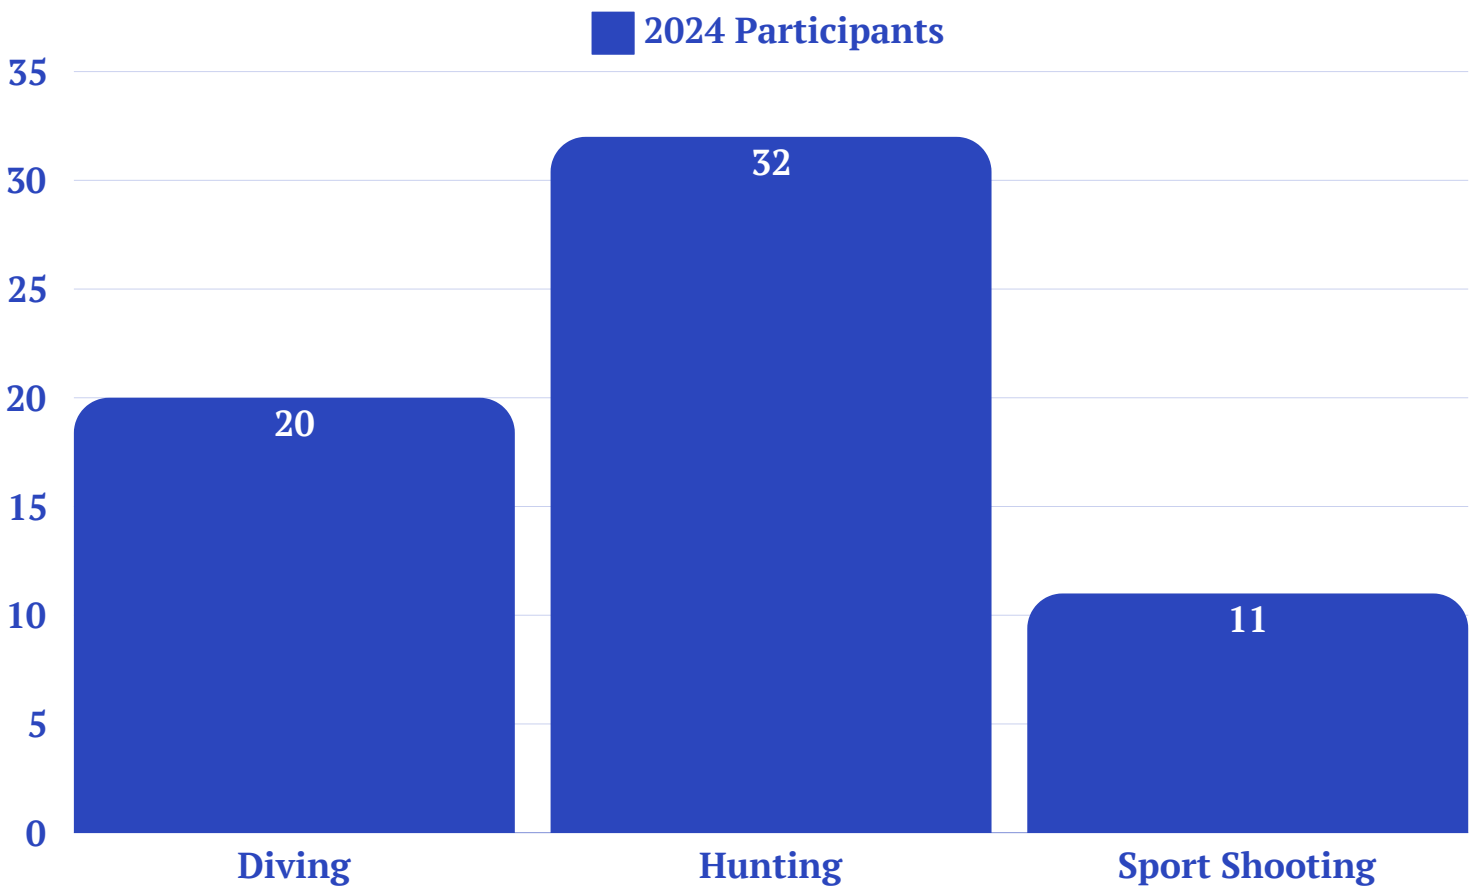

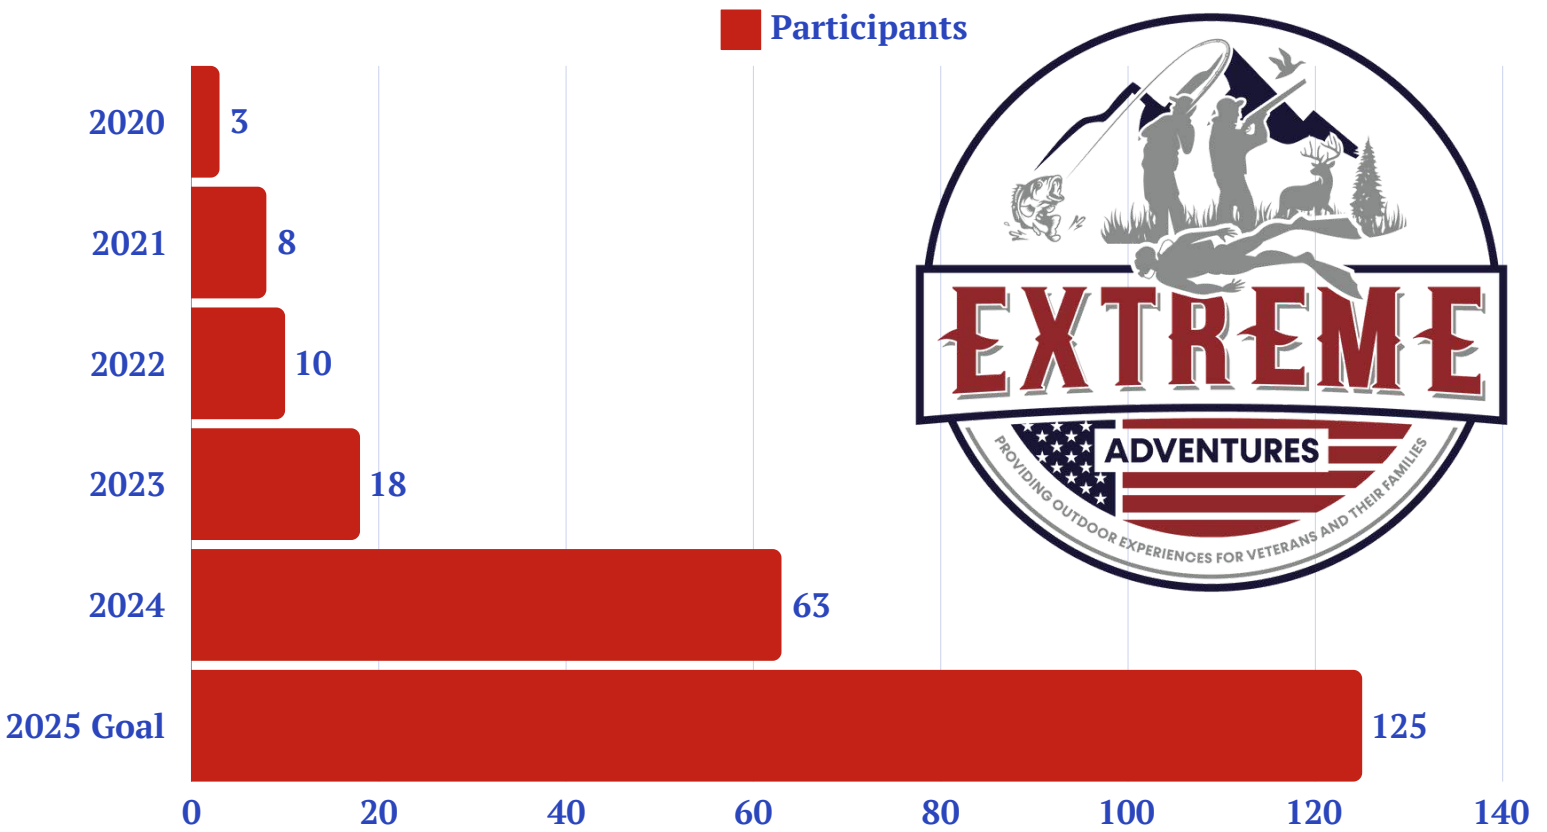

A Pivotal Decision: Establishing Our Own Nonprofit

As we reflected on our journey, a pivotal decision emerged—a choice to step into a new chapter by establishing our own nonprofit. This leap of faith was made possible by a generous donor whose belief in our mission ignited a path forward.

With their support, Extreme Adventures took its place as a beacon of hope and adventure for veterans and their families.

As the sun sets on each chapter of our story, we are reminded that every missed shot, every shared victory, and every connection made brings us closer to our mission. Together, we are building a legacy of service, healing, and adventure.

OUR IMPACT

TESTIMONIALS

“
Great time, would recommend to
any vet.

”

“
Nothing about the trip was a negative.
Awesome trip and great cause! Thank you.

-- A.V.
”

“
This dive trip was the perfect venue for that: a new environment, a slower
schedule, and filled with engaging activity which caters directly to many
active duty / veteran mindsets. Thank you to Toby and Extreme Adventures
for making such an event possible. It was the best diving I have ever, and
likely will ever, experienced, and I will remember it forever.

-- C.P.
”

“
Gents, I just wanted to personally thank you for the amazing opportunity.
The crew at scuba nomad were awesome and it was really a good event for
the soul. For a little context I've been in 3rd group for 20 years and am a bit
over one year of remission since a stage 4 cancer diagnosis. So, this event
meant a lot to me to be able to have the adventure part with a great crew and
support.

EXECUTIVE DIRECTOR'S LETTER

Dear Friends and Supporters,

As we reflect on another transformative year, I am filled with gratitude for the connections we've built and the lives we've touched. Together, we've made strides in providing ill and injured veterans with unparalleled experiences, fostering camaraderie and creating opportunities to give back to the communities we serve.

Looking ahead, our focus is clear: to deepen our impact through unique programs and partnerships. From organizing events that pair combat veterans with top-tier donors in shared experiences-such as hunting, fishing and scuba diving-to launching youth mentorship opportunities, we are laying the groundwork for meaningful, life-changing initiatives.

This year, we're excited to broaden our reach. In Wyoming, we'll integrate youth mentorship into our outdoor trips, supported by local grants, while strengthening ties with the state's game and fish communities. In Colorado, our successful Mule Deer Hunt will grow to include youth participation, further embedding our mission of giving back.

Meanwhile, the house we've been gifted in Maine opens a new chapter. With plans for lobster trips, kayaking adventures, and more, this space will serve as a hub for connection and healing. A pre-deployment survey in March will ensure we're ready to launch this exciting new program.

Lastly, our participation in two extreme long-range competitions in North Carolina offers a change to engage with a vibrant community of supporters and raise critical funds. These competitions exemplify the innovative ways we're reaching donors who share our passion and purpose.

Thank you for standing with us as we continue to serve those who have given so much. Together, we'll make 2025 a year to remember.

With gratitude,

Toby Prudhomme
Executive Director

Donate

As the year ends, we need your help to continue this vital work. Next year we're planning six Honduras dives, expanding Wyoming and Colorado opportunities, and adding a Maine adventure. Your tax-deductible donation will directly impact the lives of those that have served.

Every dollar counts. By giving today, <https://givebutter.com/EAhealavet>, you're helping veterans heal and thrive.
